SPECIALISTS IN RESIDENTIAL DEMENTIA CARE

# “Agnes & Arthur... Care you can Trust”

## About Us

Agnes and Arthur is an ex-local authority, purpose built residential home on the site of the old Eardley house. It is located in the city of Stoke on Trent in the village of Bradeley. It has been extensively renovated with care and sensitivity. Sky lights have been added and walls removed to give the home a bright, modern and airy interior, whilst being furnished to retain a 'homely' feel. The house stands in good sized grounds with mature trees.

## Types of Care

With residential dementia and respite care our home offers specialist services to suit the needs of elderly dementia residents in a homely environment. Before you decide which home is right for you, it's important to check that it offers the best care of the type that you are looking for.

## High standards of care

To maintain the homely environment, the staff do not wear uniforms, but they have been chosen for their skills and enthusiasm, to care for our residents to the highest standards which will enhance the quality of life for all of our residents. Accommodation for up to 50 residents is mainly in single bedrooms but some double rooms are available for couples. Every room is equipped with a 24hr emergency call system and has been fitted with a flat screen television. We aim to provide a service whereby our residents are enabled to enjoy individual or group activities, as well as outings. We have good access to local shops and public transport. We also have a secure garden where residents can enjoy walking, gardening or just sitting and relaxing.

“  
*Meals constituting a wholesome,  
appealing and balanced diet will be  
held in pleasing surroundings and  
at times convenient to our  
residents*

”

## Living life to the full

Agnes and Arthur is committed to being at the forefront of providing quality residential care and to creating a homely environment which respects each individual's independence, protects their status and enables them to achieve as full a life as possible.

We aim to accomplish this by the continual development of all our staff to satisfy the requirements of the residents and their home.

Agnes and Arthur has an experienced care staff team who attend to the personal needs of each resident. Additionally, we believe that it is essential to offer our residents the opportunity to continue with their past hobbies and other leisure time activities, as well as having the chance to take part in new experiences.
